This tailored course bridges traditional Halal certification with modern ESG reporting through the 5P framework. Participants will learn to measure and report Halalan Toyyiban practices in line with Bursa Malaysia and international ESG requirements, supported by practical case studies and hands-on workshops.

Course Objective

- Map Halal principles to the 5P ESG framework
- Develop Halal-aligned environmental and social metrics
- Identify Green Sukuk and sustainable financing opportunities
- Strengthen governance, transparency, and supply chain integrity

Who Should Attend?

CEOs, CFOs, COOs, BOD, Executives, Risk/Finance/HR, ESG Analysts, Supply Chain & Procurement, Internal Auditors, and SMEs
