2026**

DURATION
8 Hours per day
(9am – 5pm)

VENUE
World Trade Centre,
Kuala Lumpur

BUILDING
RESILIENT
BUSINESSES
FOR A
SUSTAINABLE
FUTURE

THIS PROGRAMME WILL HELP YOU

- ✓ Bridge industry, academia and regulators
- ✓ Showcase best practices & real case studies
- ✓ Align with NSRF and evolving ESG policies
- ✓ Drive business transformation and resilience

COURSE OBJECTIVES

- 1 Bridge industry and academia to collaboratively address ESG challenges, translating research into usable frameworks, toolkits and decision support for practitioners
- 2 Showcase regional research, case studies and best practices across sectors – from manufacturing to logistics, healthcare, retail and services
- 3 Align policy, education and practice in light of the NSRF, so that boards, management teams, lecturers and students speak a common ESG “language” and work towards aligned outcome
